Robert Workman, President and CEO of NOW Inc., added, “I couldn’t be more excited about the results our organization produced in the second quarter. Product margin expansion fueled sequential revenue growth, in what is generally a seasonally softer quarter due to Canadian break-up. This, coupled with our continued focus on efficiencies, drove incrementals of 100% sequentially, as EBITDA excluding other costs grew \$13 million, matching revenue growth.”

Prior to the earnings conference call a presentation titled “NOW Inc., Second Quarter 2018 Review & Key Takeaways” will be available on the Company’s Investor Relations website.

- (1) In an effort to provide investors with additional information regarding our results as determined by GAAP, we disclose various non-GAAP financial measures in our quarterly earnings press releases and other public disclosures. The non-GAAP financial measures include: (i) earnings before interest, taxes, depreciation and amortization (EBITDA) excluding other costs, (ii) net income (loss) excluding other costs and (iii) diluted earnings (loss) per share excluding other costs. Each of these financial measures excludes the impact of certain other costs and therefore has not been calculated in accordance with GAAP. A reconciliation of each of these non-GAAP financial measures to its most comparable GAAP financial measure is included in the schedules herein.
- (2) Other costs includes severance expenses and accelerated debt issuance costs, which are included in operating profit (loss) and other expense, respectively.
- (3) EBITDA % excluding other costs is defined as EBITDA excluding other costs divided by Revenue.
- (4) Other costs, net of tax, for the three and six months ended June 30, 2018, included a benefit of \$5 million and \$6 million, after tax, respectively, from changes in the valuation allowance recorded against the Company's deferred tax assets; as well as, \$1 million and \$1 million, respectively, after tax, in severance expenses and accelerated debt issuance costs, which are included in operating profit (loss) and other expense, respectively. The Company has excluded the impact of a \$9 million tax charge related to the Tax Cuts and Jobs Act and a \$4 million tax charge related to the write-off of a previously recognized deferred tax asset on its valuation allowance in computing net income (loss) excluding other costs for the three months ended March 31, 2018 and the six months ended June 30, 2018.
- (5) Totals may not foot due to rounding.
